About me:

I am Vasantha Rajan Mangudi, a dedicated Full Stack Developer with a strong background In cutting-edge programming applications and technologies. With six years of experience providing technical support for India's Intelligence Agency (RAW), I have honed my skills In handling complex technical challenges with precision and efficiency. My expertise spans across the latest and most effective programming tools and frameworks, ensuring I stay at the Forefront of technological advancements. Equipped with an education in advanced technical Support studies, I bring a unique blend of knowledge and experience to every project I undertake. At 31 years old, I am committed to leveraging my skills to develop innovative solutions and drive impactful results.
